Creek

\*See over for description of the Gentsomes format.

## GENTSOMES FORMAT

Gentsomes is played in a similar format to Ambrose golf. Players are in teams on 4 and each player hits their ball from the tee. From here, the best ball is chosen and each player again hits from that position (under the same conditions - fairway/rough/hazard etc).

Once each player has hit a ball from the position of the best drive, each player plays out the hole with his/her ball. Players are required to record their stableford score and the best two scores from the team of 4 for that hole are recorded. Players use their individual handicap to score the stableford points for their team total.

Each player's drive must be selected at least 3 times.

Player										H/Cap		Result
